

M&A Associate or M&A Manager – Total Webhosting Solutions

Job description

KEY FACTS AND SETTING

- Company: Total Webhosting Solutions (“TWS”)
Industry: European Hosting (ICT) Market
Function: Mergers & Acquisitions Associate or Manager (1,0 FTE)
Level: M&A experience required: 2 – 4 years for Associate level, 4 – 7 years for Manager level
Education: Academic degree in Business Administration, Economics or Finance, etc.
Starting date: Immediate

ROLE

Corporate M&A team looking for an ambitious professional to further accelerate acquisitive growth in The Netherlands and initiate expansion in other European countries.

M&A has a strategic priority for TWS given the ambitions to further expand the current Dutch positions as well as drive further geographic expansion across Europe. From the start early 2017, our team has already closed 8 acquisitions. We are currently in the process of building a dedicated acquisition team consisting of M&A professionals with a background in private equity, corporate development, corporate finance advisory, M&A legal and financial transaction support. At TWS, we are responsible for initiating dialogue with potential targets and subsequently business case analysis, valuation, contract negotiation and drafting, as well as coordination of due diligence processes.

ABOUT

TWS is market leader in the Netherlands with European ambitions in webhosting, domain names and cloud services. Our international teams of dedicated specialists deliver cloud based services to thousands of partners and millions of customers globally. Our mission is to foster success through innovative cross boarder collaboration between enterprises, clients and private persons. TWS provides a platform with technical, organisational- and financial resources to take webhosting businesses to the next level.

MAIN TASKS

Be part of the M&A team of TWS and will be reporting to the TWS M&A Director;

Responsible for acquisition of deals by originating relationships with potential acquisition targets in The Netherlands and potentially other European countries directly and (in)directly by building (upon existing) relationships with corporate finance boutiques and other multiplayers in the market (accounting firms, venture capital Firms, private equity firms, law firms, industry experts, banks e.g.);

Engage into direct contact with the owners of the targets and initiate dialogue regarding a potential acquisition with the company, the shareholder(s) and TWS;

Actively support transaction processes by providing assistance in information gathering, due diligence, planning, preparing valuation models and investment memoranda and other relevant aspects of the transaction process once a project has been initiated;

Leading role in target valuation analysis and possible also financing requests (bank financing), preparing and discussing models and (draft) documentation with internal and external stakeholders;

Regular travel, sometimes international, is considered an integral part of the role.

LOCATION

The role is based at the headquarter of TWS in Zwolle, The Netherlands.

TERM

Unlimited

COMPENSATION

Remuneration in line with market practice for relevant level of experience, background, and profile. Attractive variable compensation scheme. Given the speed of growth of our (international) efforts, there is ample room for both professional and personal growth within the company.

On the job training, support, and sharing of know-how is considered an integral part of the role. The candidate also has a unique opportunity to develop an international M&A profile and further develop client facing capabilities.

PERSONALITY

Genuinely interested. Authentic. Bold. Driven and self-starting. Quick thinker with sufficient "business sense". Relationship driven. Eager to learn and not afraid to fail.

LANGUAGE CAPABILITIES

Fluent in English and preferable also fluent in Dutch. Fluency of German (or a different European language) is considered a plus.

EXPERIENCE AND BACKGROUND REQUIREMENTS

Relevant work experience in PE/VC, corporate M&A or corporate finance advisory firm with significant client interfacing experience. Relevant working experience at least 2 (for associate) to 4 (for manager) years;

Experienced deal execution including valuation analysis (DCF/LBO modelling) and project management (managing financial & fiscal due diligence advisors, data room management, etc.);

Preferably basic knowledge of- and experience with- of legal documentation (i.e. transaction documentation such as Share Purchase Agreements and/or financing documentation such as Loan Agreements);

Academic background from an established University;

Strong entrepreneurial, self-starting nature;

An independent thinker who keeps focusing on the target, who quickly develops own insights and who can apply them;

Excellent communication- and presentation skills;

Highly tuned intercultural sensibility and aptitude to communicate on different levels and across functions;
